

Dear School Principal and Teachers,

**Invitation to the ‘Connecting the Communities – IT in Education’ cum
dissemination briefing on ‘Consolidation and Redevelopment (C&R) Work on Information
Technology (IT) in Education’**

Harnessing IT in education is the key to strengthening and facilitating learning and teaching in the 21st century. There are many good practices of IT in Education in different school sectors including primary and secondary schools, as well as universities. In 2016, the Quality Education Fund has commissioned the Department of Computing (COMP), The Hong Kong Polytechnic University (PolyU) to conduct a consultancy project, ‘Consolidation and Redevelopment (C&R) Work on Information Technology (IT) in Education’ to extract good practices of IT in Education from many QEF and non-QEF projects.

On behalf of COMP and our project team, we cordially invite you to attend the seminar as titled above. The aim of the seminar is to connect different education sectors for the sharing of good practices of IT in Education. The seminar will be divided into two parts. The first part is a sharing by experienced school educators and university experts of how IT platforms/tools can be adopted to support blended learning and innovative pedagogies. The second part is the presentation of the findings of the consultancy project and a demonstration of a blended learning project in PolyU.

Details of the seminar:

Date: 10th February, 2017 (Friday)

Time: 4:00pm – 6:00pm

Venue: TU103, Yip Kit Chuen Building, The Hong Kong Polytechnic University
